Corporate Resume

SUMMARY OF QUALIFICATIONS

Dynamic Engineered Systems three fold marketing approach offers complete engineering services in the mechanical, electrical and plumbing disciplines. Offering complete engineering solutions to contractors allows us to continually polish our final documentation maintaining a high level of constructability. Providing the seismic anchorage locally for MEP systems allows us to offer coordinated projects where the bracing goes in as part of the system not as an afterthought. Lastly we use the latest information technology to coordinate our projects with all team members allowing full time access to engineering and latest documentation. Sharing information via secured FTP sites, text messaging when documents are ready for review and virtual meetings allows continuous coordination without increased overhead.

PROFESSIONAL EXPERIENCE

The Dynamic Engineered Systems team brings a combined 60 years worth of construction and engineering experience to the project. Our dedication to meeting deadlines has made us a valuable part of the team. Our past experience make our documentation constructible and accurate during the bidding phase.

DYNAMIC ENGINEERED SYSTEMS PROJECT HISTORY

- **Kerry Foods** – Production utility expansion
- **KV Pharmaceutical** – GMX600 – Metropol Oral solid dose production
- **Pfizer NRB** – Seismic bracing of HVAC ductwork
- **Busch Stadium** – Sky box renovations
- **ConAgra** – Production ventilation upgrades
- **Prairie Farms** – Ammonia Process instrumentation diagram upgrades
- **BJC St. Peters** – Seismic Bracing of duct, pipe and plumbing
- **Hunter Engineering** – HVAC Upgrades
- **Provisions** – Godfrey assisted living facility
- **Provisions** – St. Louis Hills assisted living facility
- **SLU Hospital** – Post Op seismic bracing
- **Jewish Hospital** – Seismic bracing
